

Julio García-Amorena Reina

juliogarciaamorena@gmail.com · +(34) 603715189 · www.linkedin.com/in/julio-garcía-amorena-reina-a51957227

Professional Summary

SOC Analyst with experience in hybrid environments (cloud + on-prem), specialized in threat detection and IR. Hands-on experience working with SIEM/SOAR platforms, focusing on automation and rule optimization to improve response efficiency.

Technical Skills

Cloud: Azure · AWS

SIEM/SOAR: Microsoft Sentinel, Splunk, Elastic, Wazuh, FortiSIEM · Sentinel Playbooks

EDR/XDR: CrowdStrike · Microsoft 365 Defender

Incident Response & Case Management: Jira · ServiceNow · TheHive · IRIS

Infrastructure: Linux · Windows Server · Docker · Proxmox · RAID (HP/Dell)

Automation: Bash scripting · SOAR Playbooks

Professional Experience

SOC Analyst

Fujitsu – Seville, Spain

02/2025 - Present

- Monitor and triage 60–90 daily alerts across hybrid (cloud + on-prem) environments using Microsoft Sentinel, Elastic and CrowdStrike, applying risk-based prioritization and SIEM rule tuning to reduce false positives (~30%).
- Investigate, contain and escalate security incidents (phishing, malware/ransomware, unauthorized access) and conduct proactive threat hunting through log correlation and behavioral analysis; contributed to MTTR reduction (~25%) supported by SOAR automation.
- Develop and optimize SOAR playbooks to automate response and escalation workflows; produce technical reports, maintain operational documentation and support onboarding of junior analysts.

IT & Security Intern

Skylife Engineering S.L. – Seville, Spain

09/2024 - 02/2025

- Administered and hardened Linux/Windows systems in local and virtualized environments (Proxmox).
- Configured and deployed physical servers (HP/Dell ProLiant) and RAID architectures for corporate environments.
- Deployed Docker-based services and automated administrative tasks through scripting.

Coordinator

Camp Airy & Louise – Washington, D.C., USA

06/2024 - 09/2024

Education

Escuela Técnica Superior de Ingeniería (ETSI)

Master's Degree in Cybersecurity - Information and Communications Security

10/2025 - Present

University of Seville

Degree in Computer Engineering

09/2020 - 06/2025

Certification

Microsoft SC-900: Security, Compliance, and Identity Fundamentals

03/2025

Projects

- Security Testing Lab: <https://github.com/JulioG-a/securitytesting>
- Cybersecurity Web Platform (Django + React + JWT + 2FA): <https://github.com/JulioG-a/Chees-Script>
